To Governor Bob Riley and Legislature of Alabama
State Capitol
600 Dexter Avenue
Montgomery, Alabama 36130

Dear Governor Riley,

Our family is thankful for all of the support of our elected officials as we continue our search for a resolution in the disappearance case of our beloved daughter, Natalee. And we can understand the legislature's efforts to help by offering a resolution to boycott any travel to Aruba. However, we believe this action could severely harm our relationship with the people of Aruba, who have done so much to assist us in our efforts to find the truth behind her disappearance.

Aruba has provided housing; volunteers through their Red Cross; supported nationwide searches; and treated us with reverence and respect. This resolution would allow some factions to drive a wedge between our new friends and those who want us off the island.

In fact, support for our efforts extends to the office of the Prime Minister and the country's tourism and hotel industry. The FBI now has access to files on the case, prompted by Prime Minister Nelson Oduber's demands for transparency.

Aruba and its people should not be harmed for the actions of others over which they had no control. This boycott could bring severe economic repercussions to the people dedicated to helping us through these trying times.

Sincerely,

George "Jug" Twitty

ORANJESTAD (AAN): Mayornan di Natalee Hollo-way, ta pidi pa nan gobernantenan na Alabama no haci cosnan asina negativo mas contra Aruba.

Esey DIARIO a deduci for di un carta, cu e tata di crianza, Jug Twitty, a manda pa Gobernador Bob Riley y Legislacion di Alabama. Aki DIARIO ta traduci e carta aki.

Apreciable Gobernador Riley,

Nos famia ta agradicido pa tur e sosten di nos oficialnan eligi pa asina nos por sigui cu nos busqueda pa resolve e caso di desaparicion di nos yiu muher stima, Nathalee. Y nos ta compronde e esfuerzonan legislativo pa yuda door di ofrece un resolucion pa boycotea bahiamento pa Aruba. Sinembargo, nos ta kere cu e accion aki por causa un daño enorme na nos relacion cu e poblacion Arubano, kendenan a haci asina hopi pa sostene nos den nos esfuerzonan pa haya sa e

berdad tras di su desaparicion.

Aruba a ofrece nos hospedahe; voluntarionan via nan organizacion di Cruz Corra; buskedanan di sosten nacional; y a trata nos cu honor y respet. E resolucion aki lo permiti cierto factornan pa conduci na un distanciamiento entre nos amigonan nobo y esnan cu no kier nos ariba e isla.

De facto, sosten pa nos esfuersonan a extende te na e oficina di e Prome Ministro y e industria di turismo y hotelero di e isla. FBI awor tin aceso na tur file ariba e caso, bou demandanan di emergencia di e Prome Ministro pa transparencia.

Aruba y su hendenan lo no sinti nan ofendi pa e accionnan di otronan di cual nan no tin control. E boycott aki por trece impactonan economico severo pa e personanan cu ta dedica nan mes na yuda nos durante tur e intencionan aki.

E carta ta firma pa George "Jug" Twitty.
